You can use Concur on your smartphone to assist with your Expense, Travel, Invoice, and Request needs. Because you are using your smartphone, you can access your information in a cab, in a meeting, at the restaurant – where your laptop is not available or is too cumbersome.

You can check your itinerary; book a flight, rental car, Amtrak, or hotel; get directions from your current location. You can enter out-of-pocket expenses real-time and take a picture of the associated receipt; create, submit, and check the status of your expense reports. If you are an approver, you can approve expense reports, requests, and payment requests (Invoice).
